**Skyline CAP Offers Assistance with College Financial Aid Application**

As college deadlines are quickly approaching, overwhelmed parents of high school seniors everywhere are beginning to think of college applications, financial aid and the Free Application for Federal Student Aid (FAFSA). Skyline CAP's Project Discovery program offers individual, hands-on and step-by-step help with completing the FAFSA and college admission applications. This help is provided free to all eligible Madison County High School students.

An informational "FAFSA 101" workshop will be held on February 1<sup>st</sup> in room 113 at Madison County High School, from 3:25-4:30pm. Additional workshops dedicated to completing the FAFSA will be held each Wednesday in February also from 3:25 to 4:30 pm. All high school seniors are encouraged to attend these informative workshops. Parents are also welcome.

Please contact Skyline CAP's Youth Services Coordinator and Project Discovery Counselor at 948-2237 or [edalton@skylinecap.org](mailto:edalton@skylinecap.org) for more information or to schedule time to complete your FAFSA.

Project Discovery is a post-secondary access program for Madison County High School students. Skyline CAP has operated this program since 1997.
